DEFINITIONS

In this End User Licence Agreement,

"EULA" shall mean this End User Licence Agreement

"Licensor" shall mean CODICE SOFTWARE, SL

"Licensee" shall mean YOU, or the organisation (if any) on whose behalf YOU are taking the EULA.

"SOFTWARE PRODUCTS" or "SOFTWARE" or "PRODUCTS" shall mean GMASTER and any additional modules or add-ons delivered by Codice Software. The term "SOFTWARE" includes, to the extent provided by CODICE SOFTWARE, SL: 1) any revisions, updates and/or upgrades thereto; 2) any data, image or executable files, databases, data engines, computer software, or similar items customarily used or distributed with computer software products; 3) anything in any form whatsoever intended to be used with or in conjunction with the SOFTWARE; and 4) any associated media, documentation (including physical, electronic and on-line) and printed materials (the "Documentation").

By accepting the terms and conditions established in this EULA, the LICENSEE does not acquire any ownership of copyright or other intellectual property rights in any part of the SOFTWARE PRODUCTS. The LICENSEE is only entitled to use the SOFTWARE PRODUCTS in accordance with the terms and conditions set forth in this EULA.

By using the SOFTWARE PRODUCTS, the LICENSEE agrees to accept the terms and conditions established in this EULA.

Upon payment of the licence fee, the LICENSEE will be sent details on where to download the registered edition of the SOFTWARE PRODUCTS and will be provided by email with the suitable permanent software 'key'.

2. Evaluation Licence

The Trial edition of the GMASTER is not free software, but a free-of-charge edition of the SOFTWARE PRODUCTS, which is available for testing purposes only. Consequently, the liabilities of the LICENSER shall be limited as indicated below. If the LICENSEE is using a Trial version or evaluation copy, then any granted Licence shall be limited as follows:

- a) On request, and at the LICENSER discretion, the LICENSEE will be provided without charge with a temporary key and will be licensed to use the SOFTWARE for a period of thirty (30) days (the "Evaluation Period") for evaluation purposes only;
- b) Upon completion of the Evaluation Period, the LICENSEE shall either i) delete the SOFTWARE from the computer, where it has been installed, or the LICENSEE may ii) contact the LICENSER or one of its authorized dealers to purchase a license of the SOFTWARE, which is subject to the terms and limitations contained herein.

Unregistered use of the SOFTWARE PRODUCTS after the Evaluation Period is in violation of Spanish and international conventions on copyright law.

The LICENSER may extend the evaluation period upon request and at their only discretion.

3. Validity of the Licence Grant

The grant of any licence hereunder shall only become effective from the moment the LICENSER issues an invoice for the total price of the Licence(s) and/or the Maintenance and Support Services, in the case of perpetual licenses agreement and when the LICENSER issues an invoice for a license subscription valid for one year, that can be renewed every year, while the product is available, as contracted by the LICENSEE under the Purchase Order.

4. Changes to the usage specifications and/or the product.

4.1. The LICENSEE may use the Products under the specifications and for the duration stipulated in the Purchase Order solely and exclusively within the territory/market segment stated therein. Any changes or alterations to the specifications stipulated in the Purchase Order without the express consent from the LICENSEE are strictly prohibited.

4.2. The Products shall only be used in the CPUs where they were initially installed. Notwithstanding the above, the LICENSEE may temporarily transfer the Products to another CPU should the original one having suffered damages and, as a result, be inoperable due to faults, start of a computer disaster recovery programme or preventive maintenance. The LICENSEE shall always notify the LICENSER in writing before conducting any of the above.

4.3. The LICENSEE may not customise, modify, decompile, disassemble or perform reverse engineering on the Products included herein or on any part thereof, not even for maintenance or improvement purposes. Likewise, he may not remove any component parts of the Products in order to use them in more than one CPU. Any customisations or modifications of the Product by the LICENSEE or by a third party shall relieve the LICENSER from any obligation derived from said actions, and they shall constitute sufficient cause to terminate this agreement. All of the above does not affect any other legal actions to which the LICENSER may be entitled in order to protect his rights and interests.

5. Products' Ownership

5.1. Any rights on the Products, partial or full copies thereof, as well as any related documents provided by the LICENSER, are and shall always be the exclusive property of the LICENSER.

5.2. The LICENSEE agrees not to sell, resale, lease, sublease or reproduce, copy, or transfer in any way, whether totally or partially, the Products herein.

5.3. The LICENSER shall remain the sole proprietor of the ownership, royalties and all copyrights and patent rights on the Products. The SOFTWARE PRODUCTS are protected by copyrights as well as by the applicable International Copyright Laws and Treaties.

5.4. No right whatsoever concerning the usage, modification, licence or any other type of exploitation of any of the brands, trade names, logos, websites, domain names, or any other Patent Rights which may be the property of the LICENSER, are hereby granted.

5.5. Specifically, the LICENSEE is not licensed nor authorized to develop the SOFTWARE PRODUCTS or to create new versions of the same. Updates and upgrades to the SOFTWARE may be provided by the LICENSER from time-to-time upon the terms and conditions offered at each time. The LICENSER may provide updates and upgrades to the SOFTWARE for free or for any charge and through its chosen manner of access and distribution, all in the LICENSER's sole discretion.

6. Maintenance and Support Services.

Should the LICENSEE have contracted Maintenance and Support Service (also referred to as the "Service") for the SOFTWARE PRODUCTS in its Purchase Order, the terms and conditions stipulated in this section shall be applicable:

6.1. General Conditions for the Provision of Maintenance and Support Services.

The Maintenance and Support Service shall be contracted and provided in one-year terms, counting from the day of invoice of the total price for the first annual payment (hereafter the "Annual Payment"), including taxes, as agreed in the Service Purchase Order (hereafter the "Service Validity Period").

Should the price for the provision of the Service be modified from one annual payment to the next, the LICENSER shall notify the LICENSEE in writing, and two months prior to the date, when the corresponding annual payment is due, of the total price for the next Service annual payment.

Once each Annual Payment is due, it will be understood that the Service is renewed for another year, on the terms and conditions described above, unless any of the two parties has notified the other in writing, a month prior to the date, when the next corresponding annual payment is due, of its intention not to renew the Service for the following year (the "No-Renewal Notification").

Within the first month after the date of the last Service Annual Payment, and unless a No-Renewal Notification has been served, the LICENSER shall issue an invoice to the LICENSEE for the corresponding amount for the provision of the Service for the following year.

Those LICENSEES who have not contracted the Service for any Annual Payment(s) and who wish to obtain the latest update of the Products shall have to pay the LICENSER an amount equivalent to the total price of the Annual Payments, which have not been contracted,

The Service shall be understood as referring to the latest version of the product launched by the LICENSER, to its immediately previous version, and in any case to those versions created during the term of the corresponding current Service Annual Payment.

Should any module be added to the basic Licences package at a later stage, the amount invoiced for the relevant Service will be calculated based on the number of days remaining until the date, when the next Annual payment is due. Likewise, said Service shall remain valid until that date. From then on, the basic package Service shall be added to that of the new module for the purposes of subsequent annual renewals.
